WORD - The Front Line 2020

'WORD - The Front Line' is an inter-high school spoken word poetry competition, bringing together teams of young people from across Auckland to share their stories in an explosion of youth expression. It is a poetry slam with the purpose of engaging and growing the potential of our future leaders.

It is the only creative battlefield of its kind, equipping young people with poetry prowess and leadership principles for an opportunity to battle for themselves and the challenges that their generation face. The programme focuses on writing, performance, team work, personal development, youth voice, identity, leadership, and community. WORD - The Front Line is a platform for young people to express themselves, connect with others, and discover how they can change the world.

The programme was launched in 2014 and has continued to grow and go from strength to strength each year. In 2020 the programme will enter its 7th year and we are excited to witness young people rise, up, discover their voice, and grow in their leadership.

“ Poetry has allowed us to become more than syntax and diction. More than 2am writing. More than raw emotion. It feels as if we have been granted wings, and with these wings we will fly. ”

The Heart

IT'S ALL ABOUT THEM

WORD - The Front Line' was birthed out of a realization that our youth need an avenue where they can be heard; express their views and share their stories, while being supported in an environment that promotes their personal growth. We also wanted to do this in a way that brings the youth and their communities together to support and celebrate their experience.

ENGAGING WITH VOICES

Spoken Word at its best, is story-telling bringing people together. Also referred to as 'performance poetry' or 'slam poetry' it is a powerful creative medium taking the world by storm. In recent years we have seen the exponential growth of spoken word poetry in popular culture. Young people in particular have connected with this media and have found a platform to share their opinions, voices and stories.

Outcomes:

1. Engaging Our Youth

The target of our first outcome is to engage the youth of Auckland (and other cities in years to come) in a way that is fun, educational, informative and inspiring. 'WORD - The Front Line' will provide a series of workshops for qualifying schools leading up to the main event. These will be set up to facilitate young people exploring their creative ability and to help develop their literary skills. The leadership principles built into this programme will ensure youth take away personal life tools to support them in the future whatever their chosen path. From the young writers taking part, to their peers in the audience, we hope to encourage a love of language, communication and engagement with literature.

2. Engaging Our Community

The target for our second outcome is to engage our community with Spoken Word through the voices of our own young people to build a stronger community we need to bridge the divide between generations, communication is a key factor in this. 'WORD - The Front Line' attracts the young and old to a stage where this powerful dialogue of connection begins. A stage where young people courageously confront their truth and share their journey in the creative expression of spoken word poetry.

Better Together

AGENTS OF CHANGE

Our young people should know that their city wants to see them as individuals confident and thriving. 'WORD - The Front Line' exists for this purpose. But it will take a collaborative effort from community leaders to see this vision get off the ground successfully. Your support of this exciting project is invaluable. WORD - The Front Line activates leadership beyond the stage where they are encouraged to engage in their communities and strengthen their leadership skills in this process.

Registrations

TEAMS

Each school can put forward up to 2 teams through to the regional heats. Each team must have a minimum of 4 and maximum of 6 poets, and all team members must be attending the same high school. It is possible for 2 teams from the same school to make it through, We saw this for the first time in 2019 from De La Salle College. If your team makes it through regional heats please know there are strict guidelines regarding team members dropping out and being replaced, whereby no more than half of the original team may be replaced. If this happens, please contact us as soon as possible.

REGISTRATION

To register your team(s), please complete the online registration form at our website www.actioneducation.co.nz. All teams must submit their registrations by 6PM Friday the 19th of June .

Once you have submitted your registration form you will receive an email confirming your registration and the details of which regional heat you will be participating in. Please make sure your team has thoroughly read through this pack BEFORE registering your team to compete. It is important that your whole team is aware of the dates for the entire programme (slam camp, workshops, semi-finals, the Grand Slam) to make sure team members can commit should they make it through.

PREPARING FOR REGIONAL HEATS

In order to help teams prepare for regional heats, especially those who have not participated in the programme before, we offer each school 1 free workshop. These presentations and workshops can be extremely helpful to advertise the programme, gather interest, introduce students to spoken word poetry, answer questions, and support them to work on their poems before regional heats. We can also help your school set up an ongoing spoken word poetry club. Please note that teams do not need experience in order to be a part of the programme. Additional workshops can also be arranged at a cost. **We are also available to meet with your teams online at anytime.**

If you are wanting to organise a workshop for your team(s) please be sure to get in touch as soon as possible as our calendars fill up fast.

There will be 2 different regional heats. One for the Central & Northwest Teams and another for the South and East Teams. Both Heats will take place on Saturday 27th of June from 10AM - 4PM.

Once you are registered you will receive confirmation of which heat your team(s) will be competing in along with your time slot. If you are unable to make your scheduled time please let us know as soon as possible so we have enough time to try and reshuffle you.

Your team must be onsite 15 minutes prior to your scheduled performance time so that you can be to registered.

Each team is required to perform 3 poems - these do not need to be memorised (can be read off paper or cellphone). At least 3 poets from each team must perform. Only poets who are performing are required to be present, but we do encourage all team members to attend for support. Please see the rules sheet below for more information.

Uniqueness - The uniqueness of the story or message which is being portrayed. Is there something about the poet which stands out, grabs your attention or captures your interest?

Content - This is about impact. How well were you able to understand their message? How did it resonate? Did it move you? Did it make an impact?

Advancing Teams

THE SLAM

This year the slam will be streamlined in order to fit into our shortened time frame. After the regional heats the top teams will advance to a semi finals bout. Teams will be assigned a coach who will then guide them through the team practices and work alongside the school. Our Slam coaches are some of New Zealand's most celebrated poets and performers. All of our coaches have gone through Police Vetting and Professional supervision.

The winners of the Semi Finals bouts will move onto the Finals which will take place on Saturday 12th of September.

IMPORTANT: For both returning and new teams. Every year we reshape and recharge the rules of competition to better fit the needs of our dynamic community of young poets. PLEASE REFER to the 2020 Revised Rule Book for a full list of slam rules and structure. It is available for download on the Action Education Website.
